CELLAR AGED WINES

The Marsovin Wine Bank is one of the main attractions of the Marsovin cellars, an area dedicated to the ageing of a select range of our premium wines. Every year the winemaker lays down these wines for further ageing in the bottle where they rest and mature. The wine bank stores Grand Maître, Primus, Guže, Antonin, Marnisi and Cheval Franc. This wine bank was first set up in the early nineties. Early vintages of Grand Maître and Marsovin first Cabernet Sauvignon, can be found ageing gracefully in the ideal temperature, light and humidity controlled conditions.

The ageing of these wines allows the winery to assess the quality of its wines over the long term. In fact, every 2 years the wine maker together with a tasting panel assess the quality of the wines. Assessing these wines for a longer period of time allows the winery to get a true sense of the ageing potential of each wine and every vintage. Notes are taken and published through the winery newsletters every year.

La Rioja Alta, S.A.
BODEGAS FUNDADAS EN 1890

La Rioja Alta, S.A. is one of Spain's most prestigious wine groups, founded in 1890 in Haro, the historic heart of Rioja. For over 130 years, it has built a reputation for elegant, age-worthy wines crafted through long barrel aging, meticulous blending, and deep respect for terroir. Established by five Rioja and Basque families, the group remains family-owned. Early on, it adopted French winemaking techniques, becoming renowned for Gran Reservas that age gracefully for decades.

Today, La Rioja Alta, S.A. brings together four renowned estates, each highlighting regional character: La Rioja Alta (Rioja Alta), Torre de Oña (Rioja Alavesa), Áster (Ribera del Duero), and Lagar de Cervera (Rías Baixas). Recognized as the world's third most admired winery, it exports to over 100 countries.

Santa Rita®

Founded in 1880 by Domingo Fernández Concha in Chile's Maipo Valley, Santa Rita Winery was a pioneer in introducing French varietals, advanced winemaking equipment, and modern techniques to the region. This innovation transformed local viticulture and set a new standard of quality. In 1980, the Claro Group acquired Santa Rita, investing in state-of-the-art technology, sustainability

initiatives, and global distribution. With more than 130 years of experience, the winery has become a benchmark of Chilean viticulture. Santa Rita's award-winning portfolio is exported to over 70 countries, earning a reputation for consistency, quality, and vision. Today, it stands as a symbol of Chilean winemaking excellence, blending tradition with innovation.

GULFI

Guardians of their terroir: this has always been the mission of the Catania family, who for generations have cultivated Sicily's most renowned wine-growing areas. Over time, they have carefully selected vineyards in Chiaramonte Gulfi (Ragusa), Pachino (Syracuse), and Randazzo on Mount Etna (Catania). These lands have boasted viticulture for over 2,000 years, and the

family's goal remains to improve and preserve them for future generations. The land is their greatest capital, to be safeguarded and enriched, never consumed or destroyed. "In a hundred years, the wines produced by the Catania family will still represent the true expression of our land, as they are today and as they always have been."

MAS
DE
DAUMAS GASSAC

Founded in 1971 in the untouched Gassac Valley, Mas de Daumas Gassac turned an abandoned farmhouse into the birthplace of one of France's most iconic wine estates. The Guibert family planted Cabernet Sauvignon on exceptional soils, pioneering the rebirth of Languedoc and proving the region could produce wines of true finesse and complexity.

Today, the estate spans 50 hectares, cultivated without chemical fertilizers and divided across four distinct geological sites. Each evening, cool air from the Larzac Mountains flows into the valley, creating a unique microclimate that lends freshness, elegance, and remarkable longevity. The wines of Mas de Daumas Gassac are celebrated worldwide for their ability to age gracefully for decades.
